Tactical Ballistic Vests

General Specifications: Level NIJ III A

- Resistance to Automatic/Burst fire from 9mm Sub-Machine guns, carbines, handguns
- Resistance to Rifle fire with additional HAP [NIJ III or NIJ IV]
- Stab proof Armour defeating KR2 and KR3 threats
- Very high attenuation of blunt impact energy. (Kicks, punches, bricks, etc.)
- Lightweight, Low maintenance.
- Fully tested, Approved & Documented by many customers and authorities
- Outstanding resistance to chemical, biological and physical damages.
- Outstanding resistance to physical damage.
- Very high tensile strength. (Greater than that of steel).

Constructed from Composite Double layers of Aramid fabric, which has been Quilt stitched , to give additional strength.

The Outer cover is made from hard wearing Cordura fabric, which is Fire resistant and is backed by a special wicking fabric to give a comfortable, next to skin or over shirt finish.

This also works as a significant Heat Management System.

The Vest and Plates [when fitted] have multi hit protection as per NIJ Standards.

The Vest can protect the Front, Back, Over Shoulder, Sides, Neck and Groin.

Covers can be removable, for washing and cleaning option.

The Vests as designed, are very easy to wear and allow the wearer to perform all the normal duties associated with Military and Police operations.

Vest colors and badges are adjustable to customer specification.

Vests are available in Male and Female sizes, from 38" chest to 52" as standard, other sizes to order.

Optional Accessories

- Pockets
- Radio Holders
- Service Belt Loops
- Armour Carry Bags
